## About This Content

The legendary TE7 locomotive is made in compliance with the highest standards for quality and precision. This is a replica of a locomotive TE7 series.

Photo-realistic graphics / textures and geometry has been recreated as accurately as possible the characteristics and details of the locomotive.

The model is equipped with an original soundtrack and detail functionality.

Operating the Loco:

To use this locomotive once installed you can find the locomotive under the Trainz Tab when searching for "TE7".

This is a Russian locomotive and has English and Russian translations.

For guidance to use this locomotive in Realistic mode we recommend you watch the creators video instructions on this product page.
